- Work in an environment free from disruptions and chaos.
- Express opinions, ideas, thoughts and concerns.
- Have a healthy environment that is smoke, alcohol and drug free.

Admissions Policy

Admission and enrollment of students shall be open to persons who reside within the Kansas City Missouri School District boundaries stated in the open-enrollment charter of each Frontier Schools campus and who are eligible for admission based on lawful criteria identified in the charter and in law. The total number of students enrolled in any campus shall not exceed the number of students approved in the charter or subsequent amendments.

Frontier Schools does not limit admission based on race, ethnicity, national origin, disability, gender, income level, proficiency in the English language or athletic ability but may limit admission to pupils within a given age group or grade level.

All students seeking admission to Frontier Schools and its instructional programs must satisfactorily meet all residency, academic, age, immunization, health, safety and other eligibility prerequisites as established by Frontier Schools policies, rules and regulations and by State law. Students entering Frontier Schools will be required to present a birth certificate or some other acceptable proof of age along with proof of residency and immunization records.

Non-Discrimination

Frontier Schools admits students of any race, color, national origin, ethnic origin, age, religion, creed, sex, sexual orientation, veteran's status, disability, or any other legally recognized classification to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. The School System does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. The School System does not discriminate on the basis of race, color, national origin, ethnic origin, age, religion, creed, sex, sexual orientation, veteran's status, disability, or any other legally recognized classification in administration of its hire and employment policies, educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs, and the School provides equal access to the Boy Scouts and other designated youth programs.

Frontier Schools complies with the regulations implementing Title VI and Title VII of the Civil Rights Act of 1964; Title IX of the Education Amendments Act of 1972; Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; and other state and federal laws and regulations.

McKinney-Vento/Homeless Students

A homeless student is one who lacks a fixed, regular and adequate nighttime residence. This includes students who are sharing housing of other persons due to loss of housing or economic hardship, living in hotels, motels, camping grounds, living in emergency or transitional shelter, cars, parks, or similar settings, abandoned in hospitals or living in places not ordinarily used for sleeping. This includes students who have run away or students whose parents have put them out of their homes. A homeless student may stay in the same school all year, if feasible, even if he/she moves out of Frontier's boundaries. Additionally, the student may enroll in the district in which he/she currently resides.

Homeless students are automatically eligible to participate in the school meals program, instructional services through Title I, and other district services intended to support academic success such as tutoring and transportation to the school if it is in the best interest of the student. Please contact the District Homeless Liaison at (816) 241-6200.

Once school officials have determined that an enrolling student is homeless, the school's homeless liaison will assist the student in obtaining his/her education, immunization, medical, and other records. According to McKinney-Vento, the student must enroll in a school in the interim. If the homeless coordinator is unable to obtain prior immunization records within thirty (30) days of enrolling and the student is still eligible for services under the homeless education program; the student must begin the immunization series and demonstrate that satisfactory progress has been accomplished within (90) days. If the homeless student maintains that he/she is exempted from receiving immunizations, then after thirty (30) days the student must provide documentation in accordance with the exemption requirements provided for in § 167.181.3, RSMo.

Notice: Missouri school districts are responsible for meeting the educational needs of an increasingly diverse student population by providing a wide range of resources and support to ensure that all students have the opportunity to succeed and be college prepared and career ready. Frontier Schools has programs designed to help meet the unique educational needs of children working to learn the English language, students who are advanced learners, students with disabilities, homeless students, the children of migratory workers, and neglected or delinquent students.

Denial of Admission

A student may be denied admission based upon a previous disciplinary suspension/expulsion that would have resulted in suspension/expulsion at the school or who has engaged in criminal conduct as provided in Frontier Schools Policies and Regulations and state law.

Submission of Applications and Admissions Lottery

Frontier Schools requires applicants to submit a complete application form in order to be considered for admission. Open enrollment dates are established each year and are posted on the school websites. If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

Lottery

If the capacity of Frontier Schools is insufficient to enroll all pupils who submit a timely application at any grade level, a computerized lottery will be conducted. If the number of pupils from the applicant list is equal or less than the opening at a grade level, all applicants on that grade level will be admitted.

The Principal or designee of each campus will conduct the computerized lottery, with supervision by the superintendent or designee from Frontier Schools' central office. This ensures that the admissions list and the waiting list are selected randomly. Results of the lottery shall be certified by a notary public.

The lottery software will fill randomly all available seats allowed by the enrollment cap and create a waiting list. As space becomes available, applicants will be called from the waiting list beginning with applicants with the lowest number assignment.

Lottery winners may be notified by telephone, e-mail or U.S. Postal Service. Failure of an applicant to respond within the designated deadline will result in the forfeiture of his or her position in the application process. Parents notified by mail should call the admitting campus immediately upon receipt of the notice in order to preserve their child's position in the lottery.

Lottery Exceptions

Students who currently attend Frontier Schools and intend to return the next school year are given priority in admission, so long as they notify the campus they attend of their intent to return for the next school year by the deadline date established. Returning students who indicate their intent to return for the next school year are exempt from the lottery process.

Frontier Schools gives a preference for admission of children whose siblings are enrolled at Frontier Schools or whose parents are employed by Frontier Schools.

- A. Children of Frontier Schools teachers and staff (so long as the total number of students allowed constitutes less than five percent (5%) of the total enrollment) are exempt from lottery and boundary requirements, as permitted by federal guidance on the Charter Schools Program.
- B. Siblings of currently enrolled students at Frontier Schools will receive a preference at the time of the admission lottery. An application is still required and must be submitted before the deadline. "Sibling" shall mean a biological or legally adopted brother or sister residing in the same household as the applicant. Cousins, nieces, nephews and unrelated children sharing an address with the applicant are not siblings. Sibling enrollment is dependent on available space and does not guarantee enrollment of each listed sibling.

Any above listed exceptions to Frontier Schools, Inc. admissions process shall be compliant with RSMo. 160.410.

Student Information

Any student admitted to Frontier Schools must provide records, such as report cards from the previous school attended, to verify his or her academic standing, and any discipline records. Verification of residency and current immunization records are also required. Every student enrolling at Frontier Schools for the first time must present documentation of immunizations as required by the Missouri Department of State Health and Senior Services.

No later than (5) days after enrolling in Frontier Schools, the parent and school district in which the student was previously enrolled shall furnish records to verify the identity of the student. These records may include the student's birth certificate or a copy of the student's school records from the most recently attended school.

Residency Verification

The Missouri Education Code authorizes schools to obtain evidence that a person is eligible to attend public schools. To be eligible for continued enrollment in Frontier Schools, each student's parent must show proof of residency at the time of enrollment.

Residency may be verified through observation, documentation and other means, to include but not limited to:

- A recently paid rent receipt.
- A current lease agreement.
- The most recent tax receipt indicates home ownership.
- A current utility bill indicating the address and name of the residence occupiers.
- Mailing address of the residence occupiers.
- Visual inspection of the residence.
- Interviews with persons with relevant information.
- Building permits issued to a parent on or before September 1 of the school year in which admission is sought as evidence of residency for the school year in which admission is sought only.

Falsification of residency on an enrollment form is a criminal offense.

Removal of Students Ineligible to Attend

The superintendent or designee will investigate any information Frontier Schools receives indicating that a student is not a resident of the charter district or not otherwise entitled to attend the district in accordance with law or this policy. If the

superintendent or designee determines after the investigation that the student is not a resident of the district and is not otherwise entitled to enroll in and attend Frontier Schools in accordance with law and the Frontier Schools policy, the district will notify the student's parents/guardians, ask them to withdraw the student by a specific date, and offer the parents/guardians a hearing. If the parents/guardians do not request a hearing by the specified deadline and do not withdraw the student, Frontier Schools will formally remove the student from its rolls and notify the parents/guardians that the student may no longer attend school in the district.

Any above listed exceptions to Frontier Schools admissions process shall be compliant with State and Federal Laws.

Attendance and Tardy Procedures

Frontier Schools expects that all students will attend school regularly. Parents have a legal and moral responsibility to require regular attendance at school. Parents/legal guardians should call the school if the student must be absent. Excessive absences may result in loss of academic credit, retention, formal warning from the Courts and referral to the Children's Division and/or possible withdrawal from Frontier Schools. Frontier Schools will consider truant any student who is absent without parental notification. In the event of a period of absence for three (3) or more consecutive days, students returning to school shall provide a written explanation from a healthcare provider. If parents/legal guardians fail to call the school prior to the student being absent or the student fails to provide a written and signed explanation from a parent or legal guardian for an absence upon returning to school, the absences are considered unexcused and will be recorded as such.

Please Note: Both excused and unexcused absences are considered not being in attendance and are reported to the state. Additionally, all students must have a 90% average daily attendance rate for consideration of promotion to the next grade.

NOTICE: A call to the school does not imply or excuse the absence. Parents/legal guardians must provide a written note with the student's name, date, and reason for absence when the student returns. Frontier Schools asks that parents schedule doctor, dental or other appointments outside of school hours to ensure your child's regular attendance.

Frontier Schools will implement the following procedures for the attendance policy:

Excused Absence and Tardy:

An absence from class resulting from an illness or other health related concern, or other unforeseen circumstances that are verified by a parent/guardian with proper documentation. With documentation, the school will consider the following excused absences:

- Illness and/or hospitalization.
- Medically documented illness (documentation from doctor required after three (3) consecutive days of absence).
- Documented dental, mental health, or medical appointment.
- Religious observance. (***Note:** 1 day excused for each religious holy day.)
- School-related activities in which the student is participating.
- Death in the family.
- College visit (*High School Juniors and Seniors only*). No more than two days during junior and senior years.
- Mandatory court date.
- Appearing at a governmental office to complete paperwork required in connection with the student's
- Application for United States citizenship.
- Student participation in a United States naturalization oath ceremony.
- Car trouble (with prior notification). ***Eligible student drivers only.**

An absence from class that does not meet the requirements of an excused absence regardless of notification from parent. The school will consider the following unexcused absences:

- Failure to bring a written note within three school days following an absence.
- Leaving school without the permission of the Principal/Assistant Principal.
- Walking out of class.
- Receiving a pass to report to a certain school area and failing to report.
- Oversleeping.
- Family vacation or going out of town.
- Missing the bus.

***Note:** Eligible student drivers only.

NOTE: Students with fifteen (15) or more days of unexcused absences and/or less than 80% attendance may be withdrawn from the school. Each case will be examined individually. If a student has seven (7) consecutive unexcused absences without communicating with the school, they will be immediately withdrawn and placed on a waiting list.

Late Arrivals / 1st Hour Tardies / Early Pick-ups:

The school’s tardy policy has been developed to emphasize the importance of each student arriving on time to school every day and remaining in the classroom for the entire period. Learning personal responsibility by arriving

at school and class on time is an integral part of the school’s standard of excellence, which helps prepare students for success.

Students who arrive to school past the designated start time will be marked tardy. Frontier Schools will adhere to the following steps with regard to excessive student late arrivals (does not apply to medically documented tardies):

NUMBER OF TARDIES/LATE ARRIVALS/OR EARLY PICKUP	SCHOOL ACTIONS
3	Conference with student
5	Phone call to parents/guardians

Students with 12 or more tardies within a semester may be required to attend detention, which may include in-school detention, after-school detention, or Saturday detention.
15	Conference with Principal or his/her designee

Nothing in this policy prohibits an IEP, or 504 team, from providing accommodations pertaining to attendance and tardies to a student with a disability in accordance with state and federal law.

Early Student Pickups:

Staff members will not excuse a student from school before the end of the school day without a request from that student’s parent/guardian. Phone requests must be made prior to 1:30 pm (FSE & STEM HS) and 2:30 pm (FSI-E & FSI-MS), otherwise students will be placed on the bus. Parents must sign out their student(s) in the Front Office. Please refer to the Tardy Policy for early pickup information. No staff member shall permit or cause a student to leave school prior to the regular dismissal time, except with the knowledge and approval of the Principal or his/her designee and parent.

In all instances of an early pickup, the following precautions are taken to ensure student safety:

Approval of parent or guardian is required in all instances of early dismissal
Students may be released only to a parent or guardian whose signature is on file in the school office or to a properly identified person, authorized in writing by the parent or guardian to act on his or her behalf.
A student may not be released “on his or her own” without verified parental permission and Principal or his/her designee’s approval.

Dismissal Policy:

Students should be picked up no later than fifteen minutes after dismissal each day; this includes all after school activities. Students should not be in the corridors, at their lockers, or in the school building later than five minutes following dismissal time unless accompanied by a staff member. Students must follow all school rules during dismissal time.

Important Notice: Students are not allowed to remain on campus after designated dismissal times or after any after school activity without adult supervision. A student who remains on campus unsupervised after dismissal time may result in consequences below and/or notification to Kansas City Police Department and/or Division of Family Services.

Students not picked up on time will be subject to the following:

First Offense:	Warning
Second Offense:	Assessment of late fee of \$10 for every 10 minutes, <i>per student</i> .
Bus – <i>Kindergarten students returned to the school because no one was at the bus stop to meet them will be assessed the same fees as shown above.</i>	

Frontier Schools recognizes that parents may sometimes depend on their responsible older students to care for younger students for short periods of time, which may include the end of the school day. For parents/guardians who depend on older, responsible siblings to pick up their younger siblings a signed authorization must be on file in each school’s office.

Make-Up Work: Students who are absent for school-related reasons or for an anticipated or planned absence their parents must make arrangements for make-up assignments prior to the absence.

For any class missed, the teacher may assign make-up work based on the instructional objectives for the subject or course and the student’s needs in mastering the essential knowledge and skills or in meeting subject or course requirements. Students are responsible for obtaining and completing make-up work in a satisfactory manner and within the time specified by the teacher.

Students will be allotted one day for every day absent to complete make-up assignments. A student who does not complete make-up assignments within the time allotted will receive a grade of “F” or 0% for the assignment.

If a student misses a test due to an excused absence, a make-up test will be scheduled by the teacher. Students are responsible for taking the test at that time. Teachers are not obligated to reschedule a make-up exam. An unexcused absence may result in an “F” or grade of 0% for each assignment missed.

Compulsory Attendance: The term "compulsory attendance age for the district" shall mean seventeen (17) years of age or having successfully completed sixteen (16) credits towards high school graduation in all other cases. Children between the ages of five (5) and seven (7) are not required to be enrolled in school. However, if they are enrolled in a public school their parent, guardian or custodian must ensure that they regularly attend.

Compulsory attendance laws require resident students between the ages of seven (7) and either seventeen (17) years or successful completion of sixteen credits toward high school graduation, to attend school full-time, with the exception of those

students who may be excused from full-time attendance by the Principal. Individual petitions for any deviation from full-time attendance shall be considered by the Principal on the merits of the individual student's application and in compliance with state law and regulations. For purposes of this Policy, a completed credit toward high school graduation is defined as one hundred hours of instruction or more in a course.

Any student age seventeen years or older who drops out of school for any reason other than to attend another school, college or university, or to enlist in the armed services, shall be reported to the state literacy hotline office by Frontier Schools (573) 451-1249

Truancy and Educational Neglect: Truancy is defined as deliberate absence from school on the part of the pupil with or without the knowledge of the parent/guardian and for which no justifiable excuse is given. When a pattern of truancy becomes evident, the Principal will investigate and take such action as circumstances dictate. Section 210.115 RSMo mandates reporting to the Division of Family Services when there is reasonable cause to suspect that a student's nonattendance is due to the educational neglect of the parents/guardians.

Any school official or employee who knows or has reasonable cause to suspect that a student is being subjected to home conditions or circumstances which would reasonably result in truancy will immediately report or cause a report to be made to the building Principal, or his/her designee, who will then become responsible for making a report via the Student Abuse Hotline to the Missouri Division of Family Services (DFS). The building Principal shall inform the Superintendent/designee that a report has been made, and keep the Superintendent apprised of the status of the case.

Credit and Promotion: To receive credit in a class or be promoted to the next grade level, a student must attend at least 90% of the days the class is offered. These include both excused and unexcused absences. A student who attends fewer than 90% of the days the class is offered may be referred to the campus Attendance Review Committee (each semester) to determine whether there are extenuating circumstances for the absences and how the student can regain credit.

In determining whether there are extenuating circumstances for an absence, the Attendance Review Committee will use the following guidelines:

All absences will be reviewed, with consideration given to special circumstances discussed in Missouri Education Code.
For a student transferring into Frontier Schools after school begins, including a migrant student, only those absences after enrollment will be considered.
In reaching a consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
The committee will consider whether the absences were for reasons over which the student or parent could exercise control.
The committee will consider the acceptability and authenticity of documentation expressing reasons for the student's absences.
The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
The student, parent, or other representative will be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.
Students whose absence is unexcused will not receive any credit for instructional activities occurring during their absence. The net effect of an unexcused absence or absences may be a reduction in the student's grade.

Students are required to make up work as a result of class periods missed. It is the student's responsibility to meet with the teacher to obtain the necessary assignments and instructions.

If credit is lost because of excessive absences, the Attendance Review Committee will decide how the student may regain credit. If the committee determines that there are no extenuating circumstances and that credit may not be regained, the student and/or parent may appeal the decision by filing a written request with the Principal within 15 days of the last day of the semester. The appeal will then be placed on the agenda of the next regularly scheduled Board meeting. The Principal or designee shall inform the student or parent of the date, time, and place of the meeting.

Withdrawal from School

Voluntary Withdrawal

A parent wishing to withdraw a student from school should notify the school at least 24 hours in advance. By providing this information in advance, parents help facilitate the withdrawal process. A withdrawal form may be obtained from the school registrar's office. The Principal or other administrator will verify the information on the withdrawal form when the parent arrives to sign withdrawal papers to complete the process. The parent shall also provide the name of the new school in which the student will be enrolled and must sign the formal withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws. On the student's last day, a copy of the withdrawal form will be given to the student and a copy placed in the student's permanent record. The student will also be provided with a copy of the completed withdrawal form showing the student's grades earned to date to provide to his or her new school.

Withdrawing students and parents are expected to:

Return all textbooks and checked-out materials and equipment
Complete any make-up work assigned
Pay any unpaid balance for student fees, if any
Sign a release of student records

Dress Code and Grooming (All Grade Levels)

As authorized by state law and the school's charter, students are required to wear uniforms to school. The school's uniform policy and grooming standards are established to teach grooming and hygiene, create a safe and orderly environment, instill discipline, and eliminate competition and distractions caused by varied dress styles. Students are expected to arrive in a proper school uniform every day, display modesty and neatness, and take pride in their uniforms. The school relies on student common sense and the support of parents to help maintain this dress code.

Parents must provide their student(s) with the required uniform, except in the case of educationally disadvantaged students as provided in the Missouri Education Code. The school may provide a uniform for economically disadvantaged students. A request for school assistance for purchasing uniforms must be made in writing to the Principal and include evidence of the inability to pay. Further details are available in the Principal's office.

A parent may choose for his or her student(s) to be exempted from the requirement of wearing a uniform if the parent provides a written statement that, as determined by the school administration, states a bona fide religious or philosophical objection to the requirement.

Notice to Parents and Students: If a student arrives at school out of uniform or is groomed inappropriately, the student's parent(s) will be called to bring a change of clothes. The student will not be allowed to attend class until he or she is appropriately dressed. Any class time missed will be counted as an unexcused absence. The school reserves the right to determine and restrict unbecoming styles. Violations of the school's uniform policy and grooming standards will result in incremental disciplinary action.

The school may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the Principal, and include evidence of the inability to pay. Details for the fee waiver are available in the Principal's office.

Students must return all textbooks and supplemental materials to the teacher at the end of the school year or when the student withdraws from school. Any student failing to return issued materials in an acceptable condition loses the right to free textbooks and educational materials until the damages are paid for by the student and/or parent. However, a student will be provided textbooks for use at school during the school day. The school may reduce or waive the payment requirement if the student is from a low-income family. The release of student records, including official transcripts, will be delayed pending payment for lost or severely damaged textbooks or supplemental materials. Electronic textbooks shall be returned free of viruses or any other malicious software, and free of any plug-ins or software not specifically approved by the school. All components or applications that are a part of the electronic textbook when issued must be returned.

Student ID Cards

ID cards may be issued to each student. This card allows students to attend school-sponsored functions. Students may be asked to show their ID card in order to order breakfast or lunch. If a student loses an ID card, he or she should go to the main office before or after school to purchase a replacement.

Lost and Found

Anyone who finds books, clothing or other personal items left unattended should bring these items to the front office. Students who have lost these items should check at the front office. Items will be kept in lost and found for up to seven days. After seven days, items will be donated to a local charity. The hallways are inspected each evening and all unsecured items are placed in the front office. Students should label all books, uniforms and other personal belongings with their name to ensure the prompt return of an item that has been misplaced.

Meals

Frontier Schools participates in the National Breakfast Program and National School Lunch Program and offers meals free or at reduced prices for families whose income meets eligibility guidelines. School breakfast and lunch nutrition standards are based on the latest *Dietary Guidelines for Americans*. While school lunches must meet Federal meal requirements, decisions about what specific foods to serve and how they are prepared are made by local school food service providers. Menus may be obtained at the school office or on the school website.

Some Frontier Schools participate under the Community Eligibility Program which allows all students to receive meals at no charge.

Students are encouraged to purchase meals from the school in advance. Payments may be made to the student's account on a weekly or monthly basis. See the school office for acceptable methods of payment. If a student

has an unpaid balance greater than \$10, an alternate meal may be provided in lieu of breakfast or lunch.

Free and Reduced-Cost Meals: Applications for free or reduced meals are available in the front office. Meal applications are valid for one (1) year. Therefore, families must submit an application annually. The school provides applications for free or reduced-cost meals to each student enrolled at the beginning of each school year. Applications must be completed, listing all members of the household and family income. Should family income status change, assistance may be requested at any time during the school year by completing a new lunch application. Only one application per household is required. Completed applications should be returned to the front office.

Lunch Periods: All students will remain on-campus during the lunch period. (See campus policy) Students may buy lunch at school or bring their lunch. During the lunch period, students are expected to display good manners and courtesy. Students may eat only in the lunch area, and must clear their place and dispose of all trash appropriately. The school administration will return confiscated items to the parent. The school will not be responsible for damage to or loss or theft of confiscated items.

Any student refusing to give a cell phone or other electronic device to school staff shall be subject to disciplinary penalties in accordance with the Student Code of Conduct.

After-School Activities

There is no better way for students to enrich their education than by taking part in clubs and after-school activities, or working with a teacher. Students who stay for after-school activities are expected to follow these rules:

- Students must be with a teacher or other staff member at all times.
- Students must arrange for their own transportation; the student's ride should arrive promptly at the end of the activity. Failure to arrive promptly may result in the student's dismissal from the after-school activity.
- Students must abide by the Student Code of Conduct while participating in the activity.
- Students may not stay after school to wait for another student.

Arts and Activity Groups

Students participating in arts and activity groups will be evaluated on both practice and performance. Students and parents should be aware of possible conflicts with other activities, within and out of the school system. Students participating in performing arts and activity groups are subject to the following guidelines:

- Participating students must adhere to all organizational rules and policies.
- Students are expected to attend rehearsals and performances. Participation will be a determining factor of the student's grade.
- A student may have his or her semester grade lowered one letter grade for any unexcused absences from scheduled rehearsals or performances. Additionally, the student may lose his or her position in the group and become an alternate performer.

The following conditions constitute reason for an excused absence for a required rehearsal or performance:

- Family emergencies.
- Illness. The student should notify the activity director of the illness as soon as possible.
- Conflicting school activities that have been cleared with the activity director and the Principal.

The Principal may review a request to miss a required rehearsal or performance if the director denies the request. The Principal will meet with the concerned student and the director. The decision of the Principal is final.

Transportation

Students who participate in school-sponsored trips will be required to ride a school vehicle to the event but may be allowed to return from the event with a parent upon written request. The Principal or his/her designee, however, may make an exception if the parent personally requests that the student be permitted to ride with the parent, or if the parent presents a written request that the student be permitted to ride with an adult designated by the parent, so long as the written request is presented before the scheduled trip.

Riding in a school vehicle is a privilege. School vehicle drivers have the authority to maintain discipline and require seating charts. Students are expected to assist school staff in ensuring that school vehicles remain in good condition. When riding in a school vehicle, students are held to behavioral standards established in this Handbook

- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten seat belts, if available.
- Wait for the driver's signal in order to leave or cross in front of the vehicle.
- Only designated students are allowed to ride in school vehicles. Students may neither ride the vehicle to a different location nor have friends ride the vehicle to participate in after-school activities. Misconduct will be punished in accordance with the Student Code of Conduct, and the student's bus-riding privileges may be suspended.

If a special needs student is receiving bus transportation as a result of an Individual Education plan ("IEP"), the IEP team will have discretion in determining appropriate disciplinary consequences for improper behavior in a school vehicle.

Pledge of Allegiance

Each school day, the Pledge of Allegiance to the United States flag will be recited.

Prayer and Meditation

Students have a right to individually, silently, and voluntarily pray or meditate in school in a manner that does not disrupt instructional or other school activities. Students will be allowed 10 minutes per day for prayer or meditation. A written request will be required. Administration will determine an appropriate time for student's to voluntarily pray or meditate. The school will not require, encourage, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

School Facilities

Damage to School Property: Students shall not vandalize or otherwise damage or deface any property belonging to or used by the school, including furniture and other equipment, textbooks, and library books. To ensure that school facilities can serve those for whom they are intended – both this year and in coming years – littering, defacing, or damaging school property is not tolerated. In addition to disciplinary sanctions under the Student Code of Conduct, parents or guardians of students who are guilty of damaging school property shall be liable for damages in accordance with state law.

Use by Students Before and After School:

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus. After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

SECTION II: STUDENT HEALTH & SAFETY

General Information

Student health and safety is a high priority of Frontier Schools. Student and parent/guardian cooperation is essential to ensuring health and safety. Students should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this Handbook, including the Student Code of Conduct, as well as any additional rules for behavior and safety set by the Principal, teachers, or other school staff.
- Remain alert to and promptly report safety hazards, such as intruders on campus and threats made by a person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Immediately follow instructions from staff members who are overseeing student welfare.
- Parents/guardians will be required if notified to pick up their student immediately upon request from school officials for any health and safety related issues. Failure to do so will result in notification to the Division of Family Services for neglect.

Tobacco/Nicotine//Smokeless (Vape)-Free School Notice

Smoking, tobacco, nicotine and using smokeless (vape) products are not permitted in school buildings, vehicles, or on school property, or at school-related or school-sanctioned events off school property. Students may not possess tobacco, nicotine or smokeless (vape) products at any of the locations or activities listed above. All violators are subject to possible prosecution, as allowed by law. Additionally, student violators are subject to the disciplinary terms of the Student Code of Conduct.

Alcohol-Free School Notice

In order to provide a safe and alcohol-free environment for students and employees, all alcoholic beverages are prohibited on school property at all times, and at all school-sanctioned activities occurring on or off school property. Student violators are subject to the disciplinary terms of the Student Code of Conduct.

Drug-Free School Notice

The school believes that student use of illicit drugs is harmful to their wellbeing. Consequently, the school prohibits the use, sale, possession, or distribution of illicit drugs by students on school premises or any school activity, regardless of its location. Illicit drugs are controlled substances such as heroin; MDMA, LSD, magic mushrooms; marijuana; cocaine; methamphetamines; fentanyl; oxycontin; Vicodin and codeine. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. School policy prohibits students from attending school and requires students to go home with any of the following: **fever (100.4° or more), vomiting, diarrhea, constant coughing, or any possible communicable disease (skin rashes, redness/drainage of eyes, swollen glands, etc.)** Parents of a student with a communicable or contagious disease should call the Principal so that other students who might have been exposed to the disease can be alerted. Before you send your student back to school, please refer to the following guidelines:

- The student must be fever-free for 24 hours without fever-reducing medication;
- All vomiting and/or diarrhea must have completely stopped for no less than 24 hours;
- Student must be on antibiotics for 24 hours (if prescribed by physician);

- The student must not have continuous coughing, rash, drainage from eyes, or swollen glands;
- Certificate of the attending physician, advanced practice nurse, or physician assistant attesting that the child does not currently have signs or symptoms of a communicable disease or to the disease's non-infectiousness in a school setting;
- Submitting a permit for readmission issued by a local health authority; or
- Meeting readmission criteria as established by the commissioner of health.

Immunizations

The State of Missouri requires that every child in the state be immunized against preventable diseases caused by infectious agents, in accordance with an established immunization schedule. To determine the specific number of doses that are required for your student, please read the “Missouri Minimum State Vaccine Requirements for Students.” This document and more information about school vaccine requirements are available at the Missouri Department of State Health Services Immunization Branch website: <https://health.mo.gov/living/wellness/immunizations/index.php>. Proof of immunization may be shown through personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

All students attending school must be compliant with state programs mandating immunization against specific diseases. Failure to comply with school immunization requirements will result in exclusion from school until proof of compliance is provided.

After 30 days, failure to comply with the immunization requirements will result in exclusion from school until the parent/guardian provides documentation.

Exclusions from Immunization Requirements

Exclusions from immunization compliance are allowable on an individual basis for medical reasons, reasons of conscience, and active duty with the armed forces of the United States.

If a student should not be immunized for medical reasons, the student must present a statement signed by the child's physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the child, in which it is stated that, in the physician's opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the child or any member of the child's household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

To claim exclusion for reasons of conscience, including a religious belief, a signed DHSS affidavit must be presented by the student's parent, stating that the student's parent declines vaccinations for reasons of conscience, including because of the person's religious beliefs. The affidavit will be valid for a two-year period. Information for obtaining an affidavit for exclusion from immunization requirements is available at <https://health.mo.gov/living/wellness/immunizations/index.php> (click on the “Schools” link). The official DHSS affidavit form must be notarized and submitted to the school office within 90 days from the date it is notarized. Frontier Schools will accept only official DHSS affidavit forms developed and issued by DHSS; no other forms or reproductions will be allowed. The student, who has not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for military service, the student must prove that he or she is serving on active duty with the armed forces of the United States. If a parent seeks an exemption for more than one student, a separate form must be provided for each student.

Immunization Records Reporting

The school's record of your student's immunization history, while private in most instances, may be inspected by the Missouri Department of Elementary and Secondary Education, local health departments and the Missouri Department of Health and transferred to other schools associated with the transfer of your student to those schools.

Emergency Medical Treatment

If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, school employees will seek emergency medical treatment unless a parent has previously provided a written statement denying this authorization. Therefore, parents are asked each year to complete an emergency care consent form, which includes information about their student's allergies to medications, etc. Parents should keep emergency care information up-to date. Please contact the Principal or secretary to update any information.

Illness During the School Day

Students becoming ill or injured during the school day are directed to report to the nurse. If the nurse is not available, the student should report to the main office. Parents or other persons designated on the student's enrollment application will be contacted as appropriate and may be required to pick up their student.

Except in emergencies, students failing to report to the nurse or main office will be counted absent, unexcused. Students must report to the main office before leaving the building.

Administration of Medication

All medication should be administered outside of school hours, if possible. If necessary, medication can be administered at school under the following circumstances:

- The school will NOT dispense over the counter medication (i.e., acetaminophen, aspirin, ibuprofen, etc.) to students, without a signed parental consent form on file. Any over the counter medication brought to school must be submitted to the school nurse.
- Medication brought to school must be submitted to the school nurse, along with a Prescription Medication Authorization Form signed by the student's physician and parent.
- Prescription medications administered during school hours must be prescribed by a physician or advanced nurse practitioner ("ANP") and filled by a licensed pharmacist.
- Prescription medications must be submitted in a labeled container showing the student's name, name of the medication, reason the medication is being given, proper dosage amounts, the time the medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.
- Only the amount of medication needed should be delivered to the school, i.e., enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.
- If the school provides liability insurance for a licensed physician or registered nurse who provides volunteer services to the school, the Board may allow the physician or nurse to administer to any student nonprescription medication or medication currently prescribed for the student by the student's personal physician.

Changes to daily medications require written instruction from the physician or ANP and written permission from the parent. Parents are responsible for advising the school office that a medication has been discontinued.

Asthma and Anaphylaxis Medication

Asthma and anaphylaxis are life-threatening conditions, and students with those conditions are entitled to possess and self administer prescription medication while on school property or at school-related events.

Student possession and self-administration of asthma or anaphylaxis medication at school requires the student to demonstrate his or her ability to self-administer the medication to the student's physician or other licensed health care provider and the school nurse, if available. Requirements also include written authorization from the student's parent and physician or other licensed health care provider on file in the school office indicating the student is capable of independently administering his or her own asthma or emergency anaphylaxis medication. Medication in a student's possession must be in an original container with a prescription label. Please note that most pharmacies will place a label on the inhaler device upon request.

Fitness Testing

According to requirements under state law, the school will annually assess the physical fitness of students. The school is not required to assess a student for whom, as a result of disability or other condition identified by rule or law, the assessment exam is inappropriate.

Vision and Hearing Screenings

All children enrolled in Missouri schools must be screened for possible vision and hearing problems in accordance with regulations issued by the Missouri Department of Health and Senior Services. Students shall be screened for vision and hearing problems annually at any time during the year prior to May 31.

Screening records for individual students may be inspected by the Missouri Department of Health and Senior Services or a local health department and may be transferred to another school without parental consent.

Exemption: A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor's parent, managing conservator, or guardian, must submit to the Principal on or before the day of admission an affidavit stating the objections to screening.

Counseling Services

The school provides a counselor to see students regarding problems that they may be experiencing at school or home. Usually, a student's class teacher will refer the student to the counselor with the approval of the Principal or Assistant Principal.

Student Suicide Awareness

Frontier Schools will address suicide awareness and prevention through the following policy components:

- Crisis response team.
- Crisis response procedures.
- Procedures for parent involvement.
- Community resources available to students, parents, patrons and employees.
- Responding to suicidal behavior or death by suicide in the school community.
- Suicide prevention and response protocol education for staff.
- Suicide prevention education for students.
- Publication of policy.

Freedom from Discrimination, Harassment, and Retaliation

Statement of Nondiscrimination

Frontier Schools prohibits discrimination, including harassment, against any student on the basis of age, race, color, religions, gender, national origin/ethnicity, disability, or any other basis prohibited by law. Frontier Schools also prohibits dating violence, as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of school policy.

Discrimination

For purposes of this policy, discrimination against a student is defined as conduct directed at a student on the basis of age, race, color, religion, gender, national origin/ethnicity, disability, or on any other basis prohibited by law, that adversely affects the student.

Prohibited Harassment

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, gender, national origin, disability, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Prohibited harassment includes dating violence as defined by this policy.

Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment

In compliance with the requirements of Title IX, Frontier Schools does not discriminate on the basis of sex in its educational programs or activities. Frontier Schools does not tolerate sexual harassment of a student by employees or other students. Romantic or inappropriate social relationships between students and school employees are prohibited. Any sexual relationship between a student and a school employee is always prohibited, even if consensual.

Sexual harassment of a student by a school employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A school employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- The conduct is so severe, persistent, or pervasive that it:
- Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
- Creates an intimidating, threatening, hostile, or abusive educational environment.

Sexual harassment of a student, including harassment committed by another student, includes unwelcome

sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects the student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

- Otherwise adversely affects the student's educational opportunities.

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Dating Violence

Dating violence occurs when one partner in a dating relationship, either past or current, intentionally uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engaged in these behaviors.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects the student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Retaliation

Frontier Public Schools prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a school investigation regarding discrimination or harassment, including dating violence, is subject to appropriate discipline.

Reporting Procedures

Any student who believes that he or she has experienced prohibited harassment or believes that another student has experienced prohibited harassment should immediately report the alleged acts to a teacher, counselor, the Principal, or other school employee. Alternatively, a student may report prohibited harassment directly to one of the officials below:

Reports of discrimination based on race, color, national origin, sex, disability or age, may be directed to the Title IX Coordinator. Please contact the school front office for contact information.

A student shall not be required to report prohibited harassment to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX Coordinator may be directed to the Superintendent or the Board of Directors. A report against the Superintendent may be made to the

Board of Directors. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

After receiving a complaint of sexual harassment, the school may, but need not, require the student to prepare a written report. Oral complaints will be reduced to written form. Upon receipt of a complaint, the Title IX Coordinator or other authorized school official shall promptly authorize and undertake an investigation. When appropriate, the school may take interim action to avoid additional opportunities for harassment. The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and any others with knowledge of the circumstances surrounding the allegations.

The investigator will prepare a written report of the investigation. The report shall be filed with the Title IX Coordinator or other school official overseeing the investigation. If the results of the investigation establish that prohibited harassment occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the harassment and prevent its recurrence. The school may take disciplinary action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of harassment prohibited by law or policy.

Confidentiality

To the greatest extent possible, the school shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the Frontier School Systems' grievance procedure. See "Parent and Student Complaints and Concerns". A student shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

Freedom from Bullying

Frontier Schools is committed to maintaining a learning and working environment free from any form of bullying or intimidation. Frontier Schools strictly prohibits bullying on school grounds, during school time, at a school-sponsored activity or in a school-related context.

Bullying is defined as the intentional action by an individual or group of individuals:

- to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property;
- substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or
- substantially disrupts the orderly operation of the school.

Bullying may consist of physical actions, including gestures, or oral, cyber bullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying. **Cyberbullying** means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. Frontier Schools may prohibit and/or discipline students for cyberbullying that originates on Frontier Schools campuses or at a Frontier Schools activity. This includes using the school's technological resources to send the electronic communication, if there is a sufficient connection to the educational environment, or if the electronic communication was made on a Frontier Schools campus or at a school activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impacts the education of Frontier Schools' students are subject to discipline.

Frontier Schools shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on Frontier Schools website. Frontier Schools shall provide information and appropriate training to Frontier Schools staff that have significant contact with students regarding the policy. All staff with significant student contact will receive training on the requirements of this policy on an annual basis.

Frontier Schools shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. Frontier Schools shall instruct its school social workers, and mental health professionals to educate students who are victims of bullying on techniques for students to overcome the negative effects of bullying. Such techniques include but are not limited to cultivating the student's self-worth and self-esteem; teaching the student to defend oneself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. Campus administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

Reporting Procedures

Frontier Schools strictly prohibits bullying, as defined in this policy, as well as retaliation against anyone involved in the complaint process. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their Principal, a teacher, social worker, or other school employee. Frontier School employees are required to report any instance of bullying which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence immediately to the Principal or his/her designee.

Investigation of Report

The Principal shall determine whether the allegations in the report, if proven, would constitute prohibited harassment, and if so proceed under that policy instead. See "Freedom from Discrimination, Harassment, and Retaliation," page 31. Otherwise, the Principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The Principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be complete within ten (10) school days from the date of the written report of bullying unless good cause exists to extend the investigation. The Principal shall prepare a written report of the investigation, including a determination of whether bullying occurred, and send a copy to the superintendent or their designee. If the results of an investigation indicated that bullying occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct in accordance with the Student Code of Conduct.

No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action in accordance with the Student Code of Conduct. The school may take action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of bullying under this policy. To the greatest extent possible, the school shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the school grievance procedure. See "Parent and Student Complaints and Concerns," page 74.

Law Enforcement Agencies

The following procedures shall be followed when law enforcement officers and other lawful authorities

want to question or interview a student at the school:

- The school administration shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school;
- The school administration shall make reasonable efforts to notify the student’s parents.
- Unless prohibited by law or when the student has been arrested or taken into police custody, a staff member shall be present during the questioning or interview.

When the investigation involves allegations of child abuse, special rules apply. See “Child Abuse Reporting and Programs,”

The school shall permit a student to be taken into custody:

- Pursuant to an order of the juvenile court;
- Pursuant to the laws of arrest;
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision;
- By a probation officer if there is probable cause to believe the student has violated the terms of probation imposed by a juvenile court;
- Pursuant to a properly issued directive to apprehend, or
- By an authorized representative of the Missouri Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order and under the conditions set out in the Missouri Family Code relating to the student’s physical health or safety.

Child Abuse Reporting and Programs

Frontier Schools provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. Frontier Schools provides training to its teachers and students in preventing and addressing incidents of sexual abuse of children, including knowledge of likely warning signs indicating that a child may be a victim of sexual abuse. Assistance, interventions, and counseling options are also available.

The school’s administration shall cooperate with law enforcement investigations of child abuse, including investigations by the Missouri Department of Children and Family Services. School officials may not refuse to permit an investigator to interview a student who is alleged to be a victim of abuse or neglect at school. School officials may not require the investigator to permit school personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student’s parent, if necessary.

Plan for Addressing Sexual Abuse of Students

What is Sexual Abuse of a Child?

The Missouri Family Code defines “sexual abuse” as any sexual conduct harmful to a child’s mental, emotional, or physical welfare, as well as, in certain circumstances, failure to make a reasonable effort to prevent sexual conduct harmful to a child.

Reporting Obligation

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the Missouri Department of Social Services. Reports may be made by contacting one of the following:

- Missouri Abuse Hotline: **1-800-392-3738** or, in non-emergency situations only, <http://health.mo.gov/safety/abuse>
- Non-Emergency number: 816-234-5000.
- Call 911 for emergency situations.

The school has established the following Plan for Addressing Sexual Abuse of Children. The Policy may be accessed at school's website and copies of the plan are also available at the Principal's office and central administrative office.

Methods for Increasing Awareness Regarding Sexual Abuse of Children

For Teachers: The school annually trains teachers in all content areas addressed in the Plan. Training will include contents of the adopted board policy and is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration.

For Students: School counseling staff will address issues to increase awareness regarding sexual abuse of children and anti-victimization programs with age appropriate conversation and materials no less than once per [school year/semester]. Sexual abuse awareness will be discussed in classroom group settings for students in grades Pre-K–8, and in health or PE classes for students in grades 9–12.

For Parents: Parents must be aware of warning signs indicating that their child may have been or is being sexually abused. A child who has experienced sexual abuse should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that evidence of sexual abuse may be more indirect than disclosures or signs of physical abuse. It is important to remain calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing in coming to you.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. And, if you are frightened for your own safety or that of your child, you should call 911 or **1-800-392-3738**.

Also remember that parents are legally responsible for the care of their children and must provide their children with safe and adequate food, clothing, shelter, protection, medical care and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

The Principal or campus counselor will provide information regarding counseling options available in your area for you and your child if your child is a victim of sexual abuse. DFPS also provides early abuse intervention through counseling programs. The County location may be contacted at their phone number.

Likely Warning Signs of Sexual Abuse

Psychological and behavioral signs of possible sexual abuse may include:

- Nightmares, sleep problems, and extreme fears without an obvious explanation.
- Sudden or unexplained personality changes; becoming withdrawn, angry, moody, clingy, “checking out” or showing significant changes in eating habits.
- Depression or irritability.
- An older child behaving like a young child, for example, bed-wetting or thumb-sucking.
- Developing fear of certain places or resisting being alone with an adult or young person for unknown reasons.
- Resistance to routine bathing, toileting, or removing clothes, even in appropriate situations.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Refusal to talk about a secret he or she has with an adult or older child.
- Leaving clues that seem likely to provoke a discussion about sexual issues.
- Using new or adult words for body parts.

- Engaging in adult-like sexual activities with toys, objects or other children.
- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Intentionally harming him or herself, for example, drug/alcohol use, cutting, burning, running away, and sexual promiscuity.
- Thinking of self or body as repulsive, dirty, or bad.
- Becoming increasingly secretive about Internet or telephone use.

Physical symptoms of possible sexual abuse include:

- Stomach aches or illness, often with no identifiable reason.
- Difficulty in walking or sitting.
- Stained or bloody underwear.
- Genital or rectal pain, itching, swelling, redness, or discharge.
- Bruises or other injuries in the genital or rectal area.
- Unexplained soreness, pain, or bruises around the mouth, sexually-transmitted disease, or pregnancy.

Any one sign does not necessarily mean that a child has been sexually abused, but the presence of several signs is the time you should begin asking questions and seeking help. Signs often first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

Actions That A Child Who Is A Victim of Sexual Abuse Should Take: During student awareness sessions concerning sexual abuse issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse or have been in situations which make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hotline numbers to obtain assistance.

Lockers and Desks

Each student will be assigned a locker and desk for his or her individual use. The use of lockers is strongly encouraged, as backpacks are not allowed in classrooms. Lockers are to be used to store books, coats and personal items. Valuable items should not be stored in lockers or desks. The school is not liable for personal items stored in lockers or desks.

The school will provide a locker for each student. Students may be required to provide their own combination lock for their locker. Students must keep their locker combinations private. Students may not trade or share lockers. Students are responsible for making sure that lockers are kept locked at all times. Any damage, vandalism, or other problems with lockers or desks should be reported to the front office. Students will be held responsible for the condition of their lockers if such damage, vandalism, or other problems are not reported.

During the school day, students may go to their lockers during the following designated times only:

- Before class begins in the morning.
- During passing periods between classes.
- Upon dismissal.

Interrogations and Searches

In the interest of promoting student safety and attempting to ensure that the school is safe and drug free, school officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Students shall be free from unreasonable searches and seizures by school officials, but Frontier Schools reserves the right to perform safety screenings, including but not limited to, student lockers, backpacks, and bags/purse checks. School officials perform searches in the presence of adult witnesses, if such witnesses are available. A school official may ask students to empty pockets, remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances. No employee shall perform a strip search of any student. Express or implied coercion – such as threatening to contact parents or police – invalidates apparent consent.

A search is reasonable if (1) the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation and (2) the scope of the search is reasonable related to the circumstances justifying the search; i.e., the measures adopted are reasonably related to the objectives of the search and are not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

High School students who are permitted (eleventh and twelfth grade) to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items, or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. A student who refuses to submit to a search may be appropriately disciplined by school officials.

Desk and Locker Searches

Students should have no expectation of privacy in the contents of their lockers, desks or other school property. Lockers and desks assigned to students remain at all times under the control and jurisdiction of the school. The school will make periodic inspections of lockers and desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous.

Students have full responsibility for the security of their lockers and desks, and shall be held responsible for any prohibited items found during a search. The student's parent shall be notified if any prohibited articles or materials are found in a student's locker or desk, or on the student's person, as a result of a search conducted in accordance with this policy.

Trained Dogs

The school may use or contract for specially trained non-aggressive dogs to sniff out and alert school officials to the current presence of concealed prohibited or illegal items, including drugs and alcohol. Such visits to the school may be unannounced. The dogs shall be used to sniff vacant classrooms, vacant common areas, the areas around student lockers, and the areas around vehicles parked on school property. The dogs shall not be asked to alert on students. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above.

Procedures for Use of Restraint and Time-Outs

Trained school employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

- Only reasonable force, necessary to address the emergency, may be used.
- The restraint must be discontinued at the point at which the emergency no longer exists.
- The restraint must be implemented in such a way as to protect the health and safety of the student and others.
- The student may not be deprived of basic human necessities.
- At no time, however, may a student be placed in seclusion.

A student with a disability may not be confined in a locked box, locked closet or other specially designated locked space as either a discipline management practice or a behavior management technique.

School Visitors

Visitors for educational purposes are welcome at the school. Visitors must sign in with the front office and present a valid photo: state or government ID upon arrival. Parents must also sign in at the front office. Guests should not be brought to school without prior approval.

Visitors will not be allowed unless a visitor's form has been completed in advance of the school to provide notice of the visit. This form must also be completed when a parent requests to observe a class.

The Principal may take the following actions whenever there is a school visitor:

- Require the visitor to display his or her driver's license or another form of identification issued by a governmental entity containing the person's photograph.
- Establish an electronic database for the purpose of storing information concerning visitors. Information stored in the electronic database may be used only for the purpose of school security, and may not be sold or otherwise disseminated to a third party for any purpose.
- Verify whether the visitor is a sex offender registered with the computerized central database maintained by the Department of Public Safety or any other database accessible by the school.

Any visitor identified as a sex offender will be denied access and escorted by designated school personnel off of the school property.

Disruptive Activity

In order to protect student safety and sustain an educational program free from disruption, state law permits the school to take action against any person who:

- Interferes with the movement of people in an exit, entrance, or hallway of a school building without authorization from the Principal;
- Interferes with an authorized activity by seizing control of all or part of a building;
- Uses force, violence, or threats in an attempt to prevent participation in an authorized assembly;
- Uses force, violence, or threats to cause disruption during an assembly;
- Interferes with the movement of people at an exit or an entrance to school property;
- Uses force, violence, or threats in an attempt to prevent people from entering or leaving school property without authorization from the Principal;
- Disrupts the conduct of classes or other school activities while on school property or on public property that is within 500 feet of school property; or
- Interferes with the transportation of students in school vehicles.

"Disruption" includes making loud noises; enticing, attempting to entice, preventing, or attempting to prevent a student from attending a required class or school activity; entering a classroom without the consent of either the Principal or the teacher; and, through acts of misconduct or the use of loud or profane language, disrupting class activities.

Fire and Disaster Drills

Fire, lock-down, evacuation, and tornado drill instruction will be discussed during the first week of each semester. Students need to understand and follow these procedures. Instructions will be posted on the bulletin board in each teacher's room. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Closings

Weather conditions may occur which will make it necessary for campuses to be closed. Parents and students are advised to view the website and listen to local radio or television for announcements that the school will be closed.

Frontier Schools may use Alternative Methods of Instruction (AMI) during school closings. For more information please visit <https://www.frontierschools.org/page?id=18>

Videotaping of Students

For safety purposes, video/audio equipment may be used to monitor student behavior in classrooms and hallways, on buses and in common areas on campus. Students will not be told when the equipment is being used. The Principal may review the tapes routinely to document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

SECTION III: ACADEMICS & GRADING

Report Cards and Grading Scales

The school will issue progress reports for each student at the end of each four-week progress period within each quarter. Report cards and progress reports can be accessed through PowerSchool. Each student will also receive a final grade for the semester, which will be averaged together from the two previous quarters. Parents are encouraged to maintain contact with their child's teacher if their student is not making adequate progress.

Kindergarten through 3rd Grade: All classes will follow standards-based grading; teachers monitor students' progress on grade level standards. Learning standards are clearly communicated and progress toward those standards is monitored by the students and the teacher.

Report Card Level	Report Card Descriptor	Teacher Notes
4	Above Grade Level	In addition to score 3 performance, the student demonstrates in-depth inferences and applications that go beyond what was taught.
3	On Level	Mastery of the Missouri Learning Standard
2	Approaching	There are no major errors or omissions regarding the simpler details and processes.
1	Emerging	With help, the student can show understanding of the score 2 content and some of the score 3.
0	Not at Standard	Even with help, no understanding or skill demonstrated.

Grades 4-12: All classes will follow a standard letter grade scale for each quarter. Individual teachers will establish the grading policies and procedures for their classes, with grades corresponding to the following scale:

A = 90–100% B = 80–89% C = 70–79% D = 60-69% F = 59% and below

Regular Academic Course letter grades have the following GPA weights: A = 4.0 B = 3.0 C = 2.0 D = 1.0 F = 0.0 **AP & Dual Credit Course letter grades have the following GPA weights:** A = 5.0 B = 4.0 C = 3.0 D = 2.0 F = 0.0

Category	Weight	Included Assignments (Not limited to)
Summative	20%	<i>To Assess Mastery</i> Unit test, Quiz, Project, Curriculum Based Assessments (CBA), District Assessments (DA)
Formative	40%	<i>To Assess Progress</i> Exit Ticket, Classwork, Journal entry, Lab activity, Lab Reports, Online Supplemental Resources
Practice / Application	40%	<i>For Learning and Practice</i> Homework, Feedback, Oral response, Participation

Academic Dishonesty

Students engaging in academic dishonesty shall be subject to grade penalties on assignments or tests and disciplinary penalties in accordance with the Student Code of Conduct.

Academic dishonesty includes: cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or other supervising professional employee, taking into consideration written materials, observation, or information from students. Teachers should report immediately to the Assistant Principal-Safety and Conduct with referral. The Assistant Principal-Safety and Conduct and Assistant Principal Academics will discuss what further steps need to be taken. **The school may reserve the right to increase/decrease consequences and/or adjust consequences as necessary.** The school will notify the parents of students who are believed to have been academically dishonest during any examination.

State Assessments

Frontier Schools policy on student participation in statewide assessments may be requested for viewing in the Central Office.

Elementary and Middle School

Students at certain grade levels will take state-mandated assessment (MAP – Missouri Assessment Program) tests in the following subjects:

- Mathematics, annually in Grades 3–8
- English Language Arts, annually in Grades 3–8
- Science, annually in Grades 5 and 8
- Any other subject and grade required by federal/state law.

State Examination Procedures

Examinations fulfill an important function in the assessment of each student's academic performance. Examinations are helpful in assisting students to prepare for state-mandated assessment tests by providing exposure to examination conduct, procedures and techniques.

The school has enacted a special Academic Code of Conduct pertaining to state examinations:

- Students are to remain silent during all examinations, unless otherwise directed by the supervising teacher.
- Under no circumstances are students permitted to disrupt the testing environment.
- Students are not permitted to take any paper, including worksheets and scratch paper, into the examination room. Students are also not permitted to remove any paper, including the examination, from the examination room.
- Students are required to be on time for examinations and will not be permitted to leave early.
- All exams must be made up within the state regulated testing window.
- Student are not permitted to have any electronics during any district or state examination.

Alternative Assessment

Students with disabilities who receive special education services in grades 3–8 and who are exempt from MAP in one or more subject areas will participate in state-approved assessment instruments in the applicable subject(s).

In addition, all English Learners (EL) who have been in the United States 12 cumulative months or fewer at the time of administration may be exempted from taking the English Language Arts assessment.

Homework Policy

Homework is an essential part of each student's successful education. Homework assignments help to develop valuable skills, such as effective study habits, time management skills, responsibilities, and perseverance. Teachers assign homework to foster individual learning and growth that is appropriate for each subject area. Homework is part of all students' regular evaluations. Each student is responsible for completing and turning in homework on time. A teacher's record regarding homework assignments, in cases of conflict, are final. Students or parents with questions about homework should contact the teacher who assigned it.

Promotion Requirements

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit, a student must demonstrate mastery on grade-level standards and meet the state and district requirements for attendance.

Promotion of Students in Kindergarten

Students in kindergarten may be promoted to the next grade level after demonstrating satisfactory completion of curricular grade level standards and meeting the 90% attendance requirement.

Promotion of Students in 1st through 3rd Grade:

Students in 1st - 3rd grades may be promoted to the next grade level if the following conditions have been satisfied:

- Satisfactory completion of curricular grade level standards
- The student must also score at or above the 30th percentile in both the Reading and Mathematics NWEA MAP test during the Spring or Summer testing period.
- The student must have attended at least 90% of classes throughout the year.

If a student satisfies yearly curricular standards, but fails to satisfy attendance and/or NWEA MAP requirements, then the Grade Placement Committee (GPC) will make a decision as to the promotion of the student. GPC shall be composed of the Principal, Assistant Principal-Academics and the student's classroom teacher.

Promotion of Students in Grades 4-8

Students in grades 4–8 may be promoted to the next grade level if the following conditions have been satisfied:

- The student must have maintained a yearly average of 60% in core classes (Communication Arts, Mathematics, Social Studies, and Science).
- The student must have maintained a yearly average of 60% in non-core classes.
- The student must also score at or above the 30th percentile in both the Reading and Mathematics NWEA MAP test during the Spring or Summer testing period.
- The student must have attended at least 90% of classes throughout the year.

If a student satisfies core class yearly average condition, but fails to satisfy the non-core class yearly average, attendance and/or NWEA MAP requirements, then the Grade Placement Committee (GPC) will make a decision as to the promotion of the student. GPC shall be composed of the Principal, Assistant Principal-Academics and the student's classroom teacher.

Summer School

The school may offer summer school for class recovery to the students who do not meet promotion

requirements. If a failing student does not attend summer school, the student will automatically be retained.

Computer Resources

To prepare students for an increasingly computerized society, the school has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Students with access to the school's computers and their parents are required to sign and follow the Student Acceptable Use policy found at the back of the Handbook. Violations of this agreement may result in withdrawal of computer privileges and other disciplinary action. Electronic communications, such as e-mails sent from or received on school computers, are not private and may be monitored by school staff.

Tutoring and Enrichment

Students are encouraged and may be required to see teachers for tutoring or enrichment. Frontier Schools currently uses a variety of assessments and teacher input to determine if your child would benefit from tutoring in the following areas:

English, Mathematics, Social Studies, and Science. In addition, Frontier Schools offers students enrichment opportunities in the following areas: computers, music, art, physical education, and other opportunities determined to be enrichment by the individual school. Tutoring in all core subject areas, aims to grow specific skills that teachers have identified that will prepare students to be successful in their classes. Enrichment aims to offer opportunities not found in the regular school day.

Teachers employed by Frontier Schools are not permitted to privately tutor their students for pay.

Missouri Course Access and Virtual School Program (MOCAP)

The Missouri Virtual Instruction Program (MOVIP) transitioned to the Missouri Course Access and Virtual School Program (MOCAP) as a result of updates to Section 161.670 RSMo. MOCAP's mission is to offer Missouri students equal access to a wide range of high-quality courses, flexibility in scheduling and interactive online learning. The Missouri Department of Elementary and Secondary Education (DESE) and the State Board of Education oversee administration and quality assurance activities such as related content and delivery of courses. Missouri students may enroll in MOCAP courses for the fall and spring semesters. MOCAP is not available in the summer. The enrollment process for participation in the Program will be substantially similar to the enrollment process for participation in District courses. For more information, please visit <https://www.frontierschools.org/StudentParent/MOCAP>.

Student Recognition

Each building will recognize students who have shown exceptional success in both academics and in character each quarter or semester by hosting an awards ceremony.

Special Programs

English Learner Services

In keeping with state and federal law, the school offers English Language Learner (ELL) services at all appropriate grade levels for English Learners (ELs) who are limited in their English proficiency. The school's goal is to provide additional English language assistance to students, enabling them to become academically and socially successful in all classes. Grading for English Learners (ELs) must depend on what a student can do to show mastery of a content standard within the limitations of his/her English proficiency level. Individually assigned English Language Learner (ELL) accommodations should be applied in the classroom to ensure appropriate and equal instruction and grading.

Students are assessed with state-approved English Language Proficiency and Norm-Referenced Tests to qualify for placement in the program. If test results indicate limited oral English proficiency or limited English Proficiency in all four domains (Listening, Speaking, Reading, and Writing), the student (with parent approval) is provided additional English language development support.

Frontier Schools LAU Plan, a detailed description of Frontier Schools English Language Learner (ELL) Program, can be obtained from the ELL Director.

Special Education Services

The school has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 4–21 years of age and who fall within the school’s jurisdiction. If you know or suspect that your child has a disability, please contact the school’s Principal for information about available programs, assessments, and services.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Plan (“IEP”) which is developed by the student’s IEP Team. The IEP Team considers the student’s disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

All special education services are provided in the least restrictive environment which may be special education settings, general education settings, or a combination of both. All students receiving special education services are educated to the maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are not disabled.

The *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities* can be obtained from the Special Education Director.

Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services

If a child is experiencing learning difficulties, the parent may contact the Principal to learn about the school’s overall general education referral or screening system for support services. This system may link students to a variety of support options, including potential referral for a special education evaluation. Students having difficulty in a regular classroom must be considered for, and provided service from, all tutorial, compensatory, and other support services prior to a referral for special education services.

A parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the school must decide if the evaluation is needed. If the school determines the evaluation is needed, the parent will be notified and asked to provide written consent for the evaluation. The school must complete the evaluation and the report within 60 days of the date it receives the written consent. The school must meet with the parent to explain the findings of the evaluation and must give a copy of the report to the parent.

If the school determines that an evaluation for special education services is not appropriate, it will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs parents of their rights if they disagree with the school. Additionally, the parent will be provided a copy of the *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning disabilities or a referral for evaluation for special education is the Special Education Director.

Section 504 Services

Frontier Schools provides a free, appropriate public education to each qualified student with a disability, regardless

of the nature or severity of the student's disability. A "student with a disability" is one who has a physical or mental impairment that substantially limits one or more of the student's major life activities, has a record of having such impairment, or is regarded as having such impairment. A student with a disability is "qualified" if he or she is between the ages of three and 21, inclusive.

An appropriate education is the provision of regular or special education and related services that are (1) designed to meet the student's individual educational needs as adequately as the needs of students who do not have disabilities are met; and (2) based on adherence to procedures that satisfy federal requirements for educational setting, evaluation and placement, and procedural safeguards.

Qualified students with disabilities will be placed in the regular educational environment, unless the school demonstrates that education in the regular environment with the use of supplemental aids and services cannot be achieved satisfactorily. Should an alternate educational environment be necessary, the school shall comply with all legal requirements regarding least restrictive environment and comparable facilities for students with disabilities.

In providing or arranging for nonacademic and extracurricular services and activities, the school shall ensure that a qualified student with a disability participates with students who do not have disabilities to the maximum extent appropriate.

To be eligible for services and protections against discrimination on the basis of disability under Section 504 of the Rehabilitation Act, a student must be determined, as a result of an evaluation, to have a "physical or mental impairment" that substantially limits one or more major life activities. If a student has or is suspected of having a disability, or requires special services, parents or teachers should contact the Principal for information concerning available programs, assessments, and services. For further information, please contact the Section 504 Coordinator at your school.

Services for Title I Participants

Information regarding the school's Title I program may be obtained from the Principal.

SECTION IV: STUDENT CODE OF CONDUCT

To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must also be taught and modeled by school staff. This includes an appreciation for the rights of others. Frontier Schools is committed to helping every student fulfill his or her intellectual, social, physical, and emotional potential. To foster an orderly and distraction-free environment, Frontier Schools has established this Student Code of Conduct (“the Code”). The Code outlines prohibited behaviors and consequences for such behavior. Frontier Schools has the responsibility and authority to enforce the Code, question students, counsel them, and assign discipline when appropriate.

The Code does not define all types and aspects of student behavior. The Board of Directors and the Superintendent may establish written policies, rules, and regulations of general application governing student conduct in all schools. In addition, each Principal, within his or her own school, may establish certain rules and regulations not inconsistent with those established by the Board and the Superintendent.

Any conduct that causes or creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity, or purpose, or that interferes or creates a reasonable likelihood that it will interfere with the health, safety, or well-being or the rights of other students is prohibited.

A teacher may request for intervention assistance through the front office, to maintain effective discipline in the classroom. In addition, a teacher may request removal of a student from class for the following but not limited to:

1. Who has been documented by the teacher to repeatedly interfere with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn; or
2. Whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn.

The Board of Directors has authorized After School, and Saturday School Detention, In-school and Out-Of-School Suspension, and Expulsion as methods of disciplining students. The Board of Directors has also given authority to the Superintendent or designee to use any of these disciplinary actions which, in his or her judgment, is appropriate for the violation.

When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify the organization’s expectations, student behavior and consequences.

Jurisdiction

The school may discipline a student:

- For any violation of the Code committed while a student is
 - On school property.
 - In transit to and from school.
 - Attending any school-related or school-sponsored activity, so long as the student is under the direction of a school employee.
 - On the school property of another Missouri school district;
- Attending another district’s school-sponsored or school-related activity;
- When a school employee or volunteer is a victim of retaliation, no matter when or where it takes place.
- When a felony is committed.

Note: In addition to disciplinary consequences, misdemeanor and felony offenses committed on campus will be reported to an appropriate law enforcement agency.

- Cooperate with school administrators and teachers in their efforts to achieve and maintain a quality school system;
- Respond promptly when notified by the campus to pick up a student due to medical or disciplinary issues. Failure to do so will result in notification to the Division of Family Services for neglect.

Reinforcement Points (Grades 4 and up)

Frontier Schools has implemented a Reinforcement Point system in which students are given "Reinforcement points" for small infractions. Reinforcement Points are to be utilized as a warning system by the teachers in the classroom, cafeteria and hallways for small infractions. Parents will be notified when a Reinforcement Point is assigned. Each unwanted behavior is equivalent to 1 or 2 Reinforcement Points and will correspond to a certain consequence.

Rules of the Reinforcement Points:

- Every teacher (grades 4-12) is required to mention the Reinforcement point system in his or her syllabus and implement the system.

- If a student has at least one reinforcement point and does not receive any reinforcement points within a school day, the student’s reinforcement points will be reduced by one the following school day.
- A teacher can give points only once for the same incident per class period. The teacher shall fill out a Discipline Referral Form for the same behavior and contact an Assistant Principal if the behavior is continuous.
- An accrual of 10 or more points may result in attending In-School, Saturday, or After School Detention. Students may receive more Reinforcement points, however, for unacceptable behavior during detention. Failing to attend a Saturday or After School Detention without any confirmed excuse may result in a one day Out of School Suspension (per campus policy).
- Accrual of 25 or more points may result in a one day In-School Suspension (per campus policy).
- Accrual of 50 or more points may result in two days In-School or Out of School Suspension (per campus policy).
- Accrual of 75 or more points may result in a three days Out of School Suspension.
- Accrual of 100 or more points may result in long term suspension or expulsion within a school year.

Reinforcement points

Following is a list of student conduct that will result in the accrual of Reinforcement points.

CASE	POINTS	CASE	POINTS
Lack of materials	1	Excessive talking	1
Not being in assigned location	1	Dress code violation	1
Unexcused tardy to class	1	Eating/drinking outside of the cafeteria	1

Frontier Schools, through CharacterPlus program, is dedicated to creating a supportive and nurturing environment that helps students achieve their full potential. We believe in providing resources and training that foster high standards, empowering students to become engaged and responsible members of society who are committed to making a positive impact on the world.

Kindergarten – 3rd Grade Discipline

Schools Of Character

Teachers, staff, and administrators utilize the CharacterPlus program to establish a framework of positive behavior expectations for students. Through this program, students are encouraged to take responsibility for their actions and make constructive choices. Part of CharacterPlus is to help students self-regulate when needed and may include any of the following modifications to assist students:

ZEN ZONE/SAFE SEAT: A place in the classroom for a student to go where their behavior can self-regulate from being a disruption to the learning environment. The teacher and student will determine when the student is ready to rejoin their class.

BUDDY ROOM: A classroom other than the student's regular room. The buddy room is where a student can de-escalate, accept responsibility for their actions, and continue with their schoolwork. The classroom teacher and student will determine when they are ready to rejoin their class.

RECOVERY ROOM: A safe location other than the regular or buddy classroom where a student will be given extended time to think through the situation that disrupted learning or created an unsafe environment, accept responsibility for their actions, practice self-regulation strategies and discuss other methods of handling situations with a staff member. The staff member and student will determine when they are ready to rejoin their class.

CONFERENCES: These may occur with the student, staff, parent and Principal and/or Assistant Principal of Safety and Conduct.

IN-SCHOOL SUSPENSION: Students stay at school to complete work outside the classroom.

The Superintendent may suspend a student for up to 180 days for violation of Frontier’s Discipline Policy.

Consequences

Detention

Detention may be held on each day during school for up to eight hours. Students who serve detention must make arrangements to be picked up from school. Parents may request in person a delay of the detention. There are three types of detention: In-School, After School, and Saturday.

In-School/After-School Detention

- Students will bring materials to work on – homework or books to read from the Library; only school-acceptable materials are permitted. Classroom materials may be sent by a teacher.
- Students will not be permitted to go to their lockers during detention; all materials must be brought to the detention room when reporting.
- Sleeping is not permitted.
- Students are not allowed to talk unless given permission.
- Students should use the restroom before detention starts and be prepared to stay in the detention room for the entire length of time, except during an emergency.
- Students will follow all rules concerning classroom behavior. Failure to comply will mean suspension from school.
- Any student assigned to the detention room must stay the entire time. Students refusing to cooperate during detention may be suspended from school.
- Students assigned after-school detention will not be permitted to participate in any extra-curricular activities that day.
- Parental notification will be provided as required.

Saturday Detention

Saturday Detention serves as an alternative to in school suspension for violation of school rules, and prevents students from losing instruction time. During the hours of detention, students work to increase academic skills, engage in activities to improve self-concept, and address discipline issues.

Students who attend Saturday Detention may receive academic assistance and may be given the opportunity to do homework, make-up, or remedial work, under the supervision of a teacher. Written notification of a Saturday detention is sent home with the student. This notification lists the cause for and date of the detention. The only acceptable excuse for not attending a Saturday detention is a verified (doctor’s note) illness of the student.

Rules:

- Saturday Detention will be held in the school cafeteria at the Principal’s designee ‘discretion.
- Parents are expected to provide transportation to and from detention
- Students are required to wear their school uniforms. Should a student arrive late for a Saturday Detention without a note for an “emergency excuse,” he or she will be assigned the next scheduled Saturday Detention. A second late arrival to an assigned Saturday Detention will result in out-of-school suspension beginning on the following Monday, plus attendance at the next Saturday Detention.
- If an emergency arises and the student cannot attend, the parent must contact the Assistant Principal. If the reasons are acceptable, the detention will be rescheduled. If a student does not participate in scheduled Saturday detention without any confirmed excuse, the student will receive one day out of school suspension

plus attendance at the next scheduled Saturday detention.

- Students left at the school after 11:45 a.m. will be unsupervised. The school is not responsible for students who are left after 11:45 a.m.
- Students may be asked to bring appropriate materials with which to work.
- No personal electronics, food, beverage, candy, comic books, etc. allowed during Saturday Detention.
- Students will be expected to work the entire time while at Saturday Detention. Any student not working will be removed from the detention and referred to the Assistant Principal. Any student acting disruptively will be removed from Saturday Detention and be referred to the Assistant Principal for further disciplinary action. Parents will be notified regarding the infraction immediately.
- No student is permitted to sleep during Saturday Detention.
- Lavatory privileges will be at discretion of the Saturday Detention administrator.
- If a student does not turn in Parent Notification form on the due date without any confirmed excuse, he or she will have one day out of school suspension.

Failure to follow these guidelines may result in one day of out of school suspension, plus attendance at the next scheduled Saturday Detention or any other Level I offense.

Suspension

The school utilizes two kinds of suspension: In School Suspension and Out of School Suspension.

Disciplinary Process: The Principal will designate a campus Assistant Principal - Safety and Conduct. The Assistant Principal - Safety and Conduct will form a Discipline Committee to review decisions regarding student discipline at the request of the Principal. The Discipline Committee may review all offenses under the Code of Conduct. The Principal will review the Discipline Committee's recommendation and issue an appropriate consequence. For all decisions involving out of school suspension lasting 10 days or less, the Principal's decision is final. Special rules apply when the Discipline Committee recommends out of school suspension lasting ten or more days or expulsion.

In School Suspension

The following rules and regulations apply to all students assigned to in school suspension:

- Students must report to the Suspension room at designated school's prescribed time. Students arriving late may be subject to further disciplinary actions.
- Students will bring materials to work on, including an in-school suspension assignment with their teachers' names, subjects, and assignments. Students are responsible for obtaining assignments from each teacher.
- Students must sign in when reporting to the detention room, and sign out when the suspension period is over. Students may not leave the room without permission.
- No talking.
- Students must be seated at all times. No physical contact of any kind between students is allowed.
- Students will not be permitted to go their lockers. All materials must be brought to the room upon reporting. Students will not be permitted to eat lunch in the cafeteria.
- No disruptive behavior will be allowed.
- Unexcused absences from suspension will be referred to the Assistant Principal.
- No visits by parents, relatives or other students are allowed.
- Sleeping is prohibited.
- Students must abide by the provisions of this Handbook and the Student Code of Conduct during their suspension period.
- A student who misses a scheduled in school suspension without a confirmed excuse may be assigned one day out of school suspension. The missed in school suspension period will be rescheduled. If a student misses more than one scheduled in school suspension without a confirmed excuse, he or she may be subject

to out of school suspension.

Failure to follow these guidelines will be reported to the Assistant Principal for further action, which may include up to three days of out of school suspension or any other Level I offense.

Procedures for Suspensions and Expulsions

Out-of-School Suspension (10 School Days or Less)

Principals or their designees, subject to the appropriate due process procedures and state statutes, may suspend any student for up to ten (10) school days for violation of the Student Code of Conduct. The Principal or their designees shall notify the Superintendent or their designee of any suspension.

Prior to imposing the suspension, the Principals or their designees must adhere to the following procedures:

1. Determine whether the student is a special needs student. The student is a special needs student if any of the following are present:
 - has an IEP;
 - has a Section 504 Plan or request;
 - is in the process of being evaluated for a disability

If the student is not a special needs student, the Principals or their designees should proceed as follows:

2. Inform the student, verbally or in writing, of the charges against him/her and give him/her the opportunity to admit or deny the allegations.
3. If the student denies the charges, he/she must be given an explanation of the facts as known to school personnel and use the opportunity to present his/her version of the incident before any consequences are imposed.
4. If he/she deems it necessary, the Principals or their designees may conduct a further investigation into the matter before imposing a disciplinary suspension.
5. The suspended student's parent or legal guardian will receive notification of the suspension within twenty-four (24) hours of the decision.

For purposes of this policy, the Principal may designate an Assistant Principal to act on the Principal's behalf, subject to the Principal's supervision. In some cases, the Principal or Assistant Principal may choose to shorten the length of suspension after a parent conference or if another satisfactory solution to the problem is mutual. In such cases, consultation with the teacher involved in the offense will result. The Principal's or their designee's decision is final.

Long-term Suspensions (11-180 School Days)

NOTE: Administrators will discipline students with special needs (i.e. disabilities, IEPs or Section 504 Plans) in accordance with federal and state law, as well as Frontier Schools Code of Conduct.

The Superintendent or their designee(s), may suspend students from school for a period of eleven (11) to one hundred eighty (180) days after the student and his/her parents/guardians have been afforded a disciplinary hearing. The Superintendent shall officially declare regulations, setting out procedures for the hearing. For purposes of this policy, the Superintendent may designate an administrator to act on the Superintendent's behalf, subject to the Superintendent's supervision.

During the hearing, the student is subject to the following due process safeguards:

- The student will receive oral and/or written notice of the charges against him/her.
- If the student denies the charges, he/she will receive an oral or written explanation of the facts, which

form the basis for the proposed suspension.

- Prior to imposing consequences, the student will receive an opportunity to present his/her version of the incident. A student has the right to bring witnesses forward on his/her behalf.
- Administration will promptly notify the student's parents or guardian of their actions, the reasons for such action and the right to a hearing before the Board of Directors.
- Students have the right to have their parents or legal guardians present at a disciplinary hearing but not legal counsel.

After the hearing, the parents/guardians will receive the notice by certified mail and email to the address shown in school records.

A student who is on suspension may not be within 1,000 feet of any school property unless he/she lives within 1,000 feet of the school, has a parent with him/her, or has been requested by the administration to attend a meeting at the school, or any activity of Frontier Schools, regardless of whether or not the activity takes place on school property, unless the Superintendent or their designee(s) has authorized the student to be on school property. This restriction does not apply to suspended students enrolled and attending an alternative school which is within 1,000 feet of any Frontier school.

If a suspension is ordered by the Superintendent, or their designee(s) for more than ten (10) consecutive school days, the Superintendent, or their designee(s) order may be appealed to the Board of Directors if written notice of appeal is made to the Board of Directors within five (5) days of receipt of the Superintendent, or their designee(s) suspension letter. If such suspension is appealed, the Superintendent, or their designee(s) shall promptly provide the Board with a report of the facts involved in the suspension, the action taken by the Superintendent, or their designee(s), and the reasons for the Superintendent, or their designee(s) decision.

In such event, the suspension shall be stayed until the Board renders its decision, unless in the judgment of the Superintendent, or their designee(s) the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the student may be immediately removed from school, and the notice and hearing shall follow as soon as practicable. Removal of any student with a disability is subject to state and federal procedural rights.

Any appeal to the Board of Directors of the Superintendent, or their designee(s) decision to suspend a student for more than ten (10) consecutive school days may be heard and determined by the full Board or by a quorum thereof, or by a committee of three Board members appointed by the President of the Board. Such committee shall have full authority to act in lieu of the Board.

Students will be readmitted or enrolled after expiration of their suspension from Frontier Schools after a conference has been held to consider prior misconduct and remedial steps necessary to minimize future acts of similar misconduct. Participants in such pre-admission conferences will include:

- Any teacher directly involved in the suspension offense.
- The student.
- The parent/guardian.
- The representative of any agency having legal jurisdiction, care, custody, or control of the student.
- Frontier staff members designated by the Superintendent, or their designee(s).

Suspended students may be placed to an alternative learning setting provided by the school.

Expulsion

NOTE: Administrators will discipline students with special needs (i.e. disabilities, IEPs or Section 504 Plans) in accordance with federal and state law, as well as Frontier Schools Code of Conduct.

The term "expulsion" refers to permanent exclusion from school.

The Board of Directors is the only governing body within Frontier Schools, which may expel a student who consistently or grossly refuses to conform to school policies, rules and/or regulations. Prior to expelling a student, the parents/guardians must receive notice and a hearing before the Board of Directors. The parents/guardians, or student, if 18 years or older, may waive the expulsion hearing. However, the Board of Directors must make a good faith effort to notify parents/guardians. In all Board of Directors' hearings for expulsions and/or appeals of long-term suspensions, all parties will adhere to the following procedures:

1. The student, parent/guardians will receive notification, in writing, of:

- The charges against the student;
- The contemplated action;
- Their right to a Board of Directors hearing;
- The date, time, and place of the hearing; and
- Their right to counsel.

After the hearing, the parents/guardians will receive notification by certified mail to the address shown in school records.

2. The hearings are not open to the public unless specified by the Board of Directors. The hearing will only be open to the public with parental consent. At the hearing, Administration or counsel for Administration will present the charges, testimony, and evidence to support such charges. The student, his/her parents/guardians or their counsel shall have the right to cross-examine witnesses presented in behalf of the charges and to present testimony in defense there against.

3. At the conclusion of the hearing, or in an adjourned meeting, the Board of Directors shall deliberate in Executive Session and render a decision to dismiss the charges, suspend the student for a specified period, or expel the student from Frontier Schools. Administration or its counsel, by direction of the Board of Directors, shall promptly prepare and transmit to the parents/guardians written notice of the decision.

NOTE: Except when required by law, students will not earn academic credit during a period of long-term suspension or expulsion.

The Superintendent will also notify the appropriate division of the Juvenile court of the suspension for more than ten (10) days of any student under court jurisdiction.

No student shall be re-admitted or enrolled in a regular program of instruction if the student is convicted of any of the above offenses.

It also means any type of weapon – other than a shotgun shell or a shotgun that is generally recognized as particularly suitable for sporting purposes – by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than 1/2 inch in diameter; and any combination of parts either designed or intended for use in converting any device into a destructive device as described, and from which a destructive device may be readily assembled.

**SECTION V:
ESPECIALLY FOR
PARENTS**

Your Involvement as a Parent

A student's education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. Your involvement in this partnership may include:

- Encouraging your student to put a high priority on education and working with your student on a daily basis to make the most of the educational opportunities the school provides.
- Becoming familiar with all of your student's school activities and academic programs, including special programs, offered in the school. Discuss with the teacher or Principal any questions you may have about the options and opportunities available to your student.
- Monitoring your student's academic progress and contact teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed.
- Becoming a school volunteer or participating in campus parent organizations.

Surveys and Activities

Students will not be required to participate without parental consent in any survey, analysis, or evaluation – funded in whole or in part by the U.S. Department of Education – that concerns:

- Political affiliations or beliefs of the student or the student's parent(s).
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

Parents will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis or evaluation.

“Opting Out” of Surveys and Activities

Parents have a right to receive notice of and deny permission for their child's participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

Communication

Communication between parents and school staff is a key component of student success. Parents are responsible for notifying the school of any change of address, telephone number, or e-mail address. Parents may contact school staff by using several methods, including:

- Calling the front office during school hours. Administrative Assistants will take a message and the teacher will respond as soon as possible.

- Sending an email to teachers. Teacher email addresses are available on the school database.
- Checking a student's progress and conduct on-line by viewing the school website and logging into your child's database account.
- Checking the "Letters and Messages to Parents" board in the front office.
- Checking the school marquee in front of the school, if available.

Civility Policy

The Frontier School System (FSS) staff will treat parents and other members of the public with respect and expect the same in return. The school and office must be free from disruptions or threats. Accordingly, this policy promotes mutual respect, civility, and orderly conduct among FSS staff, families, and the public. This policy is not intended to deprive any person of his/her right to freedom of expression. Rather, FSS wants a safe, harassment-free environment for our students and staff. We encourage positive communication and discourage volatile, hostile or aggressive actions.

Provisions:

1. Disruptive individuals must leave school grounds. Any individual who disrupts or threatens to disrupt school or office operations, threatens the health and safety of students or staff, willfully causes property damage, uses loud and/or offensive language that could provoke a violent reaction, or who has otherwise established a continued pattern of unauthorized entry on school property will be directed to leave school property promptly by the Administration.
2. The staff uses the following procedures in dealing with abusive individuals. If any member of the public uses obscenities or speaks in a loud, insulting, and/or demeaning manner, the administrator or employee to whom the remarks are directed will calmly and politely warn the speaker to communicate civilly. If the abusive individual does not stop, the employee will verbally notify the abusing individual that the meeting, conference, or telephone conversation is terminated; if the meeting or conference is on school property, the employee shall direct the abusive individual to leave promptly.
3. During the conference, the staff member should provide a written copy of this policy to any individual who violates this policy. The staff member will then immediately notify his/her supervisor and provide a written report of the incident. When the Administration believes that any repeat violations of this policy may occur, a letter should be sent to the individual who has violated the policy. The letter will include a copy of the policy and list any restrictions on the individual's access to school facilities.

Parent and Student Complaints and Concerns

Student and/or parental complaints shall be submitted in writing. Copies of documents that support the complaint shall be attached to the complaint form or presented at the Level One conference. After the Level One conference, no new documents may be submitted unless their existence was unknown to the complainant before the Level One conference. A complaint that is incomplete may be dismissed.

For purposes of this policy, "days" shall mean school calendar days and announcement of a decision in the student's or parent's presence shall constitute communication of the decision.

Level One

The student or parent shall request in writing a conference with the appropriate Assistant Principal within three days from the time the event(s) causing the complaint were or should have been known. Following a conference, the appropriate Assistant Principal shall have seven days to respond.

Level Two

If the student or parents is not satisfied with the Level One decision, or if no decision is provided, the student or parent may request in writing utilizing Form A-Principal Complaint Form a conference with the Principal or designee. The request must be filed within seven days of the Level One decision or the response deadline if no

decision is made. The Principal or designee shall hold the conference within seven days of the request.

The student or parent shall submit a signed statement of the complaint, any evidence supporting the complaint, and the date and results of the conference with the Principal. The Principal or designee shall have seven days following the conference to respond.

Level Three

If the student or parent is not satisfied with the Level Two decision, or if no decision is provided, the student or parent may request in writing Form B a conference with the Superintendent or designee. The request must be filed within seven days of the Level Two decision or the response deadline if no decision is made. The Superintendent or designee shall hold the conference within seven days of the request.

The student or parent shall submit the documentation submitted to the Principal, and the date and results of the conference with the Principal. The Superintendent or designee shall have seven days following the conference to respond.

Level Four

If the student or parent is not satisfied with the Level Three decision, or if no timely decision is provided, the student or parent may submit to the Superintendent of Schools or designee in writing a request for a hearing before the Board of Directors utilizing Form C. The request must be filed within seven days of the Level Three decision or the response deadline if no decision is made. The student or parent shall be informed of the date, time, and place of the hearing.

The Board of Directors shall hear the student or parent complaint, and may set a reasonable time limit for presenting the complaint. Only written documentation and issues previously submitted and presented by the student or parent and the school will be considered. An audiotape recording of the hearing shall be made.

The Board of Directors shall communicate its decision, if any, orally or in writing before or during the next regularly scheduled Board meeting. If no decision is made by the end of the next regularly scheduled Board meeting, the Level Three decision shall be upheld. The Board may not delegate its authority to issue a decision, and any decision by the Board of Directors is final and may not be appealed.

If the complaint involves concerns or charges regarding an employee, it shall be heard by the Superintendent in closed meeting unless the employee to whom the complaint pertains requests that it be heard in public.

The Right to File a Complaint Regarding Every Student Succeeds Act (ESSA)

Any individual or organization may file a complaint. A complaint is an allegation that a local education agency (LEA) or the Missouri Department of Elementary and Secondary Education (the Department) has violated a federal statute or regulation that applies to a program under ESSA.

Complaints can be filed with Frontier School Systems or with the department. Complaints filed with Frontier School Systems are to be investigated and attempted to be resolved according to locally developed and adopted procedures. A complaint not resolved at the local level may be appealed to the Department.

A Complaint Filed with the Department

A complaint filed with the Department must be a written, signed statement that includes:

- a. A statement that a requirement that applies to an ESSA program has been violated by Frontier School System or the Department, and
- b. The facts on which the statement is based, and the specific requirement allegedly violated.

Investigation of complaint

The investigation and complaint resolution proceedings will be completed within a time limit of forty-five calendar days. That time limit can be extended by the agreement of all parties.

The following activities will occur in the investigation:

1. **Record.** A written record of the investigation will be kept.
2. **Notification of Frontier School Systems.** The **Frontier School Systems** will be notified of the complaint within five days of the complaint being filed.
3. **Resolution at Frontier School Systems.** The **Frontier School Systems** will then initiate its local complaint procedures in an effort to first resolve the complaint at the local level.
4. **Report by Frontier School Systems.** Within thirty-five days of the complaint being filed, the LEA will submit a written summary of the **Frontier School Systems** investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public.
5. **Verification.** Within five days of receiving the written summary of a complaint resolution, the Department will verify the resolution of the complaint through an on-site visit, letter, and/or telephone call(s).
6. **Appeal.** The complainant or **Frontier School Systems** may appeal the decision of the Department to the U.S. Department of Education.

Complaints related to equitable services will also be filed with the U.S. Department of Education, and they will receive all information related to the investigation and resolution of the complaint. Also, appeals to the United States Department of Education must be filed no longer than thirty days following the Departments' resolution of the complaint (or its failure to resolve the complaint).

Appeals to the Department

The Department will initiate an investigation within ten days, which will be concluded within thirty days from the day of the appeal. The investigation may be continued beyond the thirty-day limit at the discretion of the Department. At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and the **Frontier School Systems**. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered to the **Frontier School Systems**.

A complaint is not resolved at the state level (the Department)?

The complainant or the **Frontier School Systems** may appeal the decision of the Department to the United States Department of Education.

SECTION VI: IMPORTANT NOTICES

Annual Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice)

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (eligible students) certain rights with respect to the student's educational records. These rights include the following:

The Right to Inspect and Review

Parents and/or eligible students have the right to inspect and review the student's educational records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the Principal a written request that identifies the record(s) they wish to inspect. The school will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student's educational records, the school shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.

The school shall not destroy any educational records if there is an outstanding request to inspect and review the records under this section. The school may charge a reasonable fee for a copy of an education record that is made for the parent or eligible student, unless the imposition of a fee effectively prevents a parent or eligible student from exercising the right to inspect and review the student's education records. The school will not charge a fee to search for or to retrieve the educational records of a student.

If the educational records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about their student.

The Right to Seek Amendment of the Student's Educational Records

Parents and/or eligible students may ask the school to amend a record that they believe is inaccurate, misleading, or otherwise in violation of the privacy rights of the student. Such a request must be made to the Principal in writing, clearly identify the part of the record the parent or eligible student wants changed, and specify why it is inaccurate or misleading. The school will decide whether to amend the record as requested within a reasonable time after the school receives the request. If the school decides not to amend the record as requested by the parent or eligible student, it will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment.

If, as a result of the hearing, the school decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, the school decides that the information in the educational record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school, or both. If the school places an amended statement in the educational records of a student, it is obligated to maintain the amended statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

The Right to Consent Prior to Disclosure

Parents and/or eligible students have the right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A “school official” is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Directors; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another open-enrollment charter school, school district, or private school in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

The Right to File a Complaint

Parents and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. These complaints should be addressed as follows:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-4605

Access to Medical Records

Parents are entitled to access their students’ medical records.

Social Media Use on School Devices/Platforms

At Frontier Schools, we believe it is essential for all students to understand the power and responsibility that comes with using social media. Social media refers to various online platforms that allow users to share information, connect with others, and express themselves. Some of the most popular platforms including but are not limited to Facebook, Instagram, Twitter, Snapchat, BeReal, and TikTok. However, it's important to remember that these platforms are public forums.

Anything you post—whether it’s personal information, photos, or even your thoughts and feelings—can be viewed by a wide audience, including people you may not know. Once something is shared online, it can be difficult, if not impossible, to remove it fully. That’s why it's critical to think carefully before posting and avoid sharing any private or confidential information.

These guidelines apply to all **Frontier Schools-provided devices and Frontier Schools-owned, sponsored, or affiliated platforms**, including:

- School email accounts
- School social media pages
- School websites and forums
- Any school-provided technology (including but not limited to laptops, tablets, and computers)

Frontier Schools' social media guidelines include the following policies and regulations to ensure a safe, respectful, and responsible online environment for all students:

1. **Responsible Use:** All students are expected to use social media in a manner that reflects the values of Frontier Schools, including showing respect and thoughtfulness in all online interactions.
2. **Privacy Protection:** Students are prohibited from sharing personal, private, or confidential information about themselves, other students, or staff members online. This includes home addresses, phone numbers, and other sensitive details.
3. **Cyberbullying and Harassment**
Frontier Schools strictly prohibits the use of social media to bully, harass, or discriminate against students or staff. Any form of online harassment, whether through direct messages, posts, or comments, will not be tolerated and may result in disciplinary action. If social media activity negatively impacts the educational environment or disrupts a student's ability to learn, it will be addressed in accordance with school policies. For more details, please refer to the **Freedom from Bullying** section.
4. **Inappropriate Content:** Students are prohibited from posting or sharing inappropriate or offensive content, such as hate speech, violence, or adult material. All online behavior should reflect the school's values that affect the school environment.
5. **Reporting:** Students are required to report any incidents of bullying, harassment, or discrimination that occur on social media that impacts the school environment to a teacher or school administrator immediately.
6. **Fake Accounts and Impersonation:** Creating or using fake social media accounts or impersonating other students or staff members is strictly prohibited.
7. **Copyright and Intellectual Property:** Students are not allowed to access, share, or use school copyrighted material without permission. Any unauthorized use of intellectual property will result in consequences.
8. **Use of School Logos or Trademarks:** Students are prohibited from using school logos, trademarks, or other branded material on social media without prior permission from the school administration.
9. **Sharing Negative or Harmful Posts:** Students are prohibited from sharing or spreading negative, false, or harmful information about the school, students, or staff. Posts that incite conflict, spread rumors, or contribute to harassment will not be tolerated.

Impacting the Educational Environment (Personal Device & Social Media Use)

These regulations are in place to protect the Frontier Schools community and to ensure that social media is used in a safe, respectful, and responsible manner. **Even when using personal devices and social media accounts, students may be held accountable (to include suspension and expulsion) if their online behavior negatively impacts the educational environment and disrupts others' ability to learn.**

This includes, but is not limited to:

- Cyberbullying, harassment, or threats directed at students or staff.
- Sharing inappropriate or harmful content that affects the school community.
- Encouraging or participating in online behavior that leads to disruptions at school.

By following these guidelines, students can help create a safe, respectful, and positive online environment that reflects the standards of Frontier Schools. Failure to adhere to these expectations whether on school-affiliated platforms or personal social media, may lead to consequences as outlined in the school's policies.

Student Acceptable Use Policy

Technology Mission Statement

The school is committed to utilizing the maximum potential of technology to enhance student learning and increase teacher effectiveness by providing students with technology-related experiences. Recognizing the ever-changing influences of technology on all aspects of our lives, the school is dedicated to providing an integrated technological curriculum for all students and staff members. Students will have access to the technology necessary to produce, manage, communicate and retrieve information in an efficient manner for educational use. In the attainment of both present and future goals, the school will provide a continually evolving staff development program oriented toward the integration of technology in areas of curriculum.

Instructional Resource

The school is proud to bring network and Internet access to school employees and students, and believes the Internet offers many diverse and unique resources to both students and staff. The school's goal in providing this service to staff and students is to promote educational excellence in schools by facilitating resource sharing, innovative teaching, and communication skills.

Students and staff have access to numerous research oriented and instructional resources via the Internet. On-line encyclopedias, professional journals, and databases filled with timely information on thousands of topics are just a few of the resources provided. On-campus computers have the technology necessary to support student research and to promote academic achievement.

Student Safety

The school is aware that resources which are inappropriate or not designed for use in the educational setting may be accessed on the Internet. To protect students and staff from such inappropriate material, the school's Internet access is filtered with one of the highest-rated Internet filtering systems available. However, users must recognize that it is impossible for the school to restrict access to all controversial material and individuals must be responsible for their own actions in navigating the network.

Purpose

The purpose of this policy is to ensure school-level compliance with all procedures and regulations regarding the local area network and Internet usage. All students, parents, teachers, administrators and school employees who obtain their Internet access through the school are expected to use these services appropriately.

User Responsibilities

The use of the Internet is a privilege. Abusive conduct will lead to the privilege being revoked. The school is providing Internet resources for educational purposes only. Student/staff use of Internet resources must be related to an expressed educational and/or administrative goal or objective.

1. The use of the school's Internet and computer network must be in support of educational goals, research, and class assignments and be consistent with the educational objectives of the school.
2. Users must have a valid, authorized account to access the network, and use only those computer resources that are authorized. Accounts may be used only in accordance with authorized purposes.
3. Individual accounts may be used only by the owner of the account except where specifically authorized by the school administration. In the case of class accounts, all use must be under the supervision of the sponsoring teacher/supervisor.
4. The user is responsible for safeguarding the computer account. Users are expected to protect access to accounts by periodically changing the password and keeping it confidential. They must respect the privacy of others by not tampering with their files, passwords or accounts.

Acceptable Use

Users are to properly use school network resources for educational and/or administrative purposes. Respectful and responsible network etiquette and behavior should be in keeping with the school's mission statement. Students and staff are expressly prohibited from accessing obscene, profane, vulgar, or pornographic sites or materials.

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation or illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring or sharing obscene, sexually oriented, lewd or otherwise illegal images or other content will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

Monitored Use

Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated school staff to ensure appropriate use for educational or administrative purposes. Forgery or attempted forgery of electronic mail messages is prohibited. Only the school's authorized IT Manager may read, delete, copy or modify the electronic mail of other system users.

Vandalism

Vandalism is defined as any malicious attempt to harm, disrupt or destroy data of another user of the school's network or any other agencies or networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Any of these actions may be viewed as violations of school policy, administrative regulations and, possibly, as criminal activity under applicable state and federal laws. Users must respect the privacy of other users, and will not intentionally seek information on, obtain copies of, or modify any file, data, or password belonging to another user, or represent themselves as another user unless explicitly authorized. Deliberate attempts to degrade or disrupt system performance and/or degrade, disrupt or bypass system security are violations of school policy and administrative regulations, and may constitute criminal activity under applicable laws.

Any prohibited behavior under this policy will result in the cancellation of technology privileges. The school will, in accordance with school policy, cooperate with local, state, or federal officials in any investigation concerning or relating to misuse of the school's network.

Network Etiquette

Each network user is expected to:

1. Be polite (i.e., an all-caps message implies shouting);
2. Use appropriate language;
3. Refrain from any activity that may be considered "cyber bullying," including but not limited to threats of violence, extortion, obscene or harassing messages, harassment, stalking, child pornography, and sexual exploitation;
4. Maintain confidentiality of the user, colleagues, and students;
5. Respect copyright laws; and
6. Be respectful in all aspects of network use.

Consequences

Violation of the school's policies and procedures concerning use of the computer on the network will result in the same disciplinary actions that would result from similar violations in other areas of school policy, including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

1. Loss of computer privileges/Internet access, with length of time to be determined by campus administration.
2. Any campus-based disciplinary consequence, including suspension, as deemed appropriate by the administration.
3. Suspension may be considered for flagrant violations or violations that corrupt the educational value of the computers or the Internet.
4. Expulsion may be considered in instances where students have used the school's Internet access to engage in conduct that constitutes felony criminal mischief, and/or have deliberately attempted to bypass installed security software or copy/modify another student's work files.

Acceptable Use Agreement Acknowledgement Form

I have read and agree to abide by the Frontier Schools Student Acceptable Use Policy. I further understand that any violation of this policy may constitute a criminal offense. Should I commit any violation, my Internet and computer access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken.

(If you are under the age of 18 a parent or guardian must also read and sign this agreement.)

As the parent or guardian of this student, I have read the Frontier Schools Student Acceptable Use Agreement. I understand that this access is designed for educational purposes. Frontier Schools has taken precautions to eliminate controversial material. However, I also recognize it is impossible for the school to restrict access to all controversial materials and I will not hold the school responsible for materials transmitted on the network. Further, I accept full responsibility for supervision if and when my child's use is not in a school setting. I hereby give permission to issue an account for my child and certify that the information contained on this form is correct.

Regulation of Electronic Communication Device Commitment Form

Electronic communications at school and at school-related functions are subject to regulation by the school.

This Electronic Communication Device Commitment Form grants authority and permission to the school to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law, school policies and to perpetrate conduct disruptive of an educational environment essential to the school's educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by enrolling and continuing attendance at Frontier Schools, agrees to the following as outlined in the School-Student-Parent Compact, Student/Parent Handbook, and Acceptable Use Agreement Acknowledgment.

1. The possession and use of cellular phones, pagers, PDAs and other electronic communication devices by a student on school property or at school-related events is a privilege and not a right.
2. Students are required to keep all electronic communication in their locker, out of sight and turned off during school hours.
3. In consideration for the privilege to possess and use such devices on school property and at school-related events, the school is authorized and has my full consent to confiscate, power on or off, manipulate and

do all things necessary to search my device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.

4. I further understand, agree and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and may cause the loss of the privilege to possess and use such devices on school property and at school-related events for an indefinite period of time.

How does Google use this information?

In Google Workspace for Education Core Services, Google uses student personal information primarily to provide the core services that schools and students use, but it's also used to maintain and improve the services; make recommendations to optimize the use of the services; provide and improve other services your student requests; provide support; protect Google's users, customers, the public, and Google; and comply with legal obligations. See the Google Cloud Privacy Notice for more information.

In Google Additional Services, Google may use the information collected from all Additional Services to deliver, maintain, and improve our services; develop new services; provide personalized services; measure performance; communicate with schools or users; and protect Google, Google's users, and the public.

Does Google use student personal information for users in K-12 schools to target advertising?

No. There are no ads shown in Google Workspace for Education core services. Also, none of the personal information collected in the core services is used for advertising purposes.

Some additional services show ads; however, for users in primary and secondary (K12) schools, the ads will not be personalized ads, which means Google does not use information from your student's account or past activity to target ads. However, Google may show ads based on general factors like the student's search queries, the time of day, or the content of a page they're reading.

Can my child share information with others using the Google Workspace for Education account?

We may allow students to access Google services such as Google Docs and Sites, which include features where users can share information with others or publicly. For example, if your student shares a photo with a friend who then makes a copy of it, or shares it again, then that photo may continue to appear in the friend's Google Account, even if your student removes it from their Google Account. When users share information publicly, it may become accessible through search engines, including Google Search.

Will Google disclose my child's personal information?

Google will not share personal information with companies, organizations and individuals outside of Google except in the following cases:

With our school: Our school administrator (and resellers who manage your or your organization's Workspace account) will have access to your student's information. For example, they may be able to:

- View account information, activity and statistics;
- Change your student's account password;
- Suspend or terminate your student's account access;
- Access your student's account information in order to satisfy applicable law, regulation, legal process, or enforceable governmental request;

Restrict your student's ability to delete or edit their information or privacy settings.

With your consent: Google will share personal information outside of Google with parental consent.

For external processing: Google will share personal information with Google's affiliates and other trusted third party providers to process it for us as Google instructs them, and any other appropriate confidentiality and security measures.

For legal reasons: Google will share personal information outside of Google if they have a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary for legal reasons, including complying with enforceable governmental requests and protecting you and Google.

What choices do I have as a parent or guardian?

First, you can consent to the collection and use of your child's information by Google. If you don't provide your consent, we will not create a Google Workspace for Education account for your child, and Google will not collect or use your child's information as described in this notice.

If you consent to your child's use of Google Workspace for Education, you can access or request deletion of your child's Google Workspace for Education account by contacting the District IT Director at: (816) 241 6200. If you wish to stop any further collection or use of your child's information, you can request that we use the service controls available to access personal information, limit your child's access to features or services, or delete personal information in the services or your child's account entirely. You and your child can also visit <https://myaccount.google.com> while signed in to the Google Workspace for Education account to view and manage the personal information and settings of the account.
